

WAR IS A LIE

The lying didn't start with Iraq. Did they ever tell you that almost all wars are started by the ones who profit: by provocations, contrived incidents, and fake terrorism? How many people knew Nov. 5th, 2005 was the 400th anniversary of Guy Fawkes Day - the original fake terror plot that started war with Spain - and the Anglo-American empire? Very few.

Did you know that official peace movements all suppress these facts? Wonder why? Ask them! But this much is sure: Starting wars by lies works, it keeps getting more dangerous, and it won't stop until more people find out about the tricksters and their tactics.
