

Petition for World Peace Week- Nov. 5th, Guy Fawkes Day (UK) to Nov. 11th, Veterans Day (US)

The world community, the peoples of the United States, the United Kingdom, and all other nations of our planet, desire peace and abhor war;

The recent atrocity of illegal wars on Afghanistan and Iraq forced upon the world community by deceit and blackmail has exploded the myth that modern wars, even those waged by developed nations, erupt from spontaneous and natural causes;

The brief summary of major wars shows that one of their most effective means of instigating wars and pretexts of wars is by engineering real or fake provocations and symbolic attacks on their citizenry;

This criminal tradition has continued uninterrupted and undisturbed for at least 400 years in the English-speaking world, since the hatching of the Gunpowder Plot in 1605, which is still celebrated in Britain as Guy Fawkes Day, Nov. 5th, without the great majority of English people ever understanding its significance;

Extensive influence over media and formal education by the self-same elite has kept us, the world's people almost entirely ignorant of these true facts about war;

Our peace movements have thus been largely ineffectual, as good intentions with ignorance have never been a match for a cunning hold on the levers of power, and indeed, problems are not solved without knowledge of their causes, nor by attempts to prevent them in the abstract, without identifying their real authors;

Our society has been indoctrinated to glorify war and despise peace, as exemplified by the presence of six holidays of a martial character on the US calendar, without a single holiday dedicated to peace;

The accelerating military adventures and wizardry of mass destruction in the hands of a visibly irresponsible faction represent a grave and present danger to the survival of the majority of us, the world's people,

So that the safety of the human race can no longer be secured by blind trust in such self-appointed leaders and spokesmen, but only by the most widespread understanding of these grave facts,

We therefore, in view of these urgent and grievous matters, require and hereby Petition: that the week from **November 5th to November 11th be named Peace Week**, by the Congress of the United States, the Parliament of the United Kingdom, the General Assembly of the United Nations, and its constituent governments, in recognition of the true significance behind the holidays celebrated on **November 5th, Guy Fawkes Day in the UK and November 11th, Veterans Day in the US**;

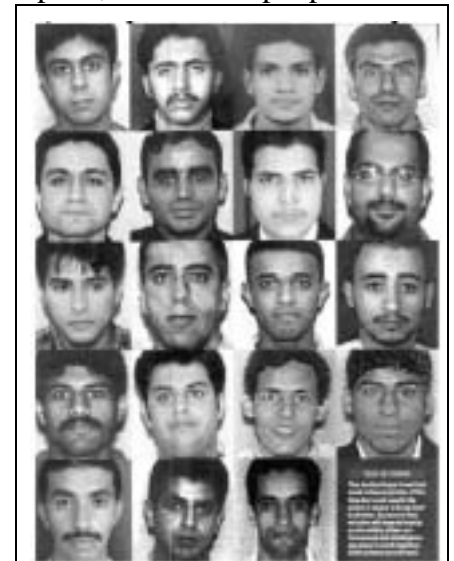

That the world's governments secure peace for their people by building bridges of neighborly and mutual trust between nations, and reduce their military and secret service establishments to the minimum, securing us from abuses and dangers and loss of freedoms;

That the US and UK governments withdraw their occupying forces without further procrastination from the territories of Iraq and Afghanistan;

Initiated in the State of California, October 25th, 2005.

Phony enemies then: Guy Fawkes and Dupes of 1605

Fake Enemies Now: No names on passenger lists, and no DNA ever found for alleged "19 Hijackers..."
